4. [REDACTED] LIAISON I encountered Dr. James George, minority professional staff member of the House Government Operations Committee, and advised that the Director would not be able to accept the invitation to speak in the fall before George's American Enterprise Institute conference on naval affairs. I suggested [REDACTED] as an alternative speaker, but George thought the group would seek a more prominent figure. He expressed his gratitude for the advice but his regret that the Director had said no, commenting again that he had heard from many people that the Director was just the man for the conference. George added that the invitation had already been sent.

6. [REDACTED] LIAISON Libby Gotschall, of the Joint Economic Committee staff, called to request a copy of, "The International Energy Situation: Outlook to 1985." A copy was forwarded to her.

7. [REDACTED] LIAISON Phyllis Bacon, Senate Armed Services Committee staff, called and asked if we would have someone pick up from her a part of the "mark-up transcript" which contains remarks by Senator John Culver (D., Iowa) concerning CIA. The transcript is classified Secret and they want to know if one particular paragraph is classified. Senator Culver wants to use it on the Senate floor and wants it checked out with us first. I told her we would send a courier for it right away and we would get an answer back to her tomorrow. A courier has been sent to pick up the material.

25X1

8. [REDACTED] LIAISON Peggy McCarthy, in the office of Representative Henry Reuss (D., Wis.), called to inquire the name of the person who had requested a copy of the Agency publication entitled, "USSR: Hard Currency Trade and Payments, 1977-1978." After checking the Congressman's letter of 28 April, I told her it was a Ms. Lois Peterson, of Liberty Lobby. Ms. McCarthy thanked me for checking.

9. [REDACTED] LIAISON Sent to Dennis Peregrim, in the office of Senator Harrison Williams (D., N.J.), a copy of the Agency publication entitled, "The International Energy Situation: Outlook to 1985."

25X1

10. [REDACTED] LIAISON Received a call from Charles Snodgrass, House Appropriations Committee staff, asking for the number of CIA employees who received chauffeur service to and from their homes. After checking with O/DDA, I informed Mr. Snodgrass that [REDACTED]

11. [REDACTED] LIAISON I escorted James Fellenbaum, Senate Appropriations Committee staff, to a tour of the Community Headquarters Building and to a meeting with John McMahon, AD/DCI/IC, to discuss Intelligence Community staffing arrangements.

25X1

12. [REDACTED] LIAISON I encountered Richard Kaufman, General Counsel of the Joint Economic Committee, while on the Hill. He said it would not be necessary for the DCI to reply to the invitation of Senator William Proxmire (D., Wis.) to testify before Senator Proxmire's Joint Economic Committee Subcommittee on Priorities and Economy in Government, since we had already confirmed the date for the DCI's appearance (27 May at 1500 hours). I did not indicate that there now might be a problem for us in this date.

25X1

Kaufman later called to ask if this year's edition of a publication called, "The Report of the Military-Economic Advisory Board" had been published. I checked with [REDACTED] CSS, and reported back to Kaufman that it had not been published.

14. [REDACTED] BRIEFING Mike Van Dusen, on the staff of the House International Relations Subcommittee on Europe and the Middle East, called to request two briefings: one on Europe and one on the Middle East, on 16 May at 2:00 p.m. and one on 18 May at 10:00 a.m. (See note to Mr. Cary.)

25X1

15. [REDACTED] LIAISON Jan Vlcek, House Interstate and Foreign Commerce Committee staff, called to request Agency participation in a resource panel before the Committee on 12 May. The other participants would be the Stanford Research Institute and the Potential Gas Supply Committee. After a five-minute statement, the members of the panel would be subject to questioning to defend their assumptions on the various energy studies they have issued. I explained our preference in not appearing in such a forum but he said the Democratic members might be quite insistent to assure that the panel is balanced. He will check to see how insistent they will be. (See note to Mr. Cary.)

16. [REDACTED] LIAISON Jerry Landauer, of the Wall Street Journal, called in connection with a pending FOIA request he has with the Department of Commerce on a note on my conversation with General Counsel Smith, of the Department of Commerce, concerning S. 3664, the predecessor bill to S. 305 (Corporate Payments Abroad and SEC Accountability). (See Memorandum for the Record.)

25X1

17. [REDACTED] BRIEFING Accompanied [REDACTED] [REDACTED] ORPA, and [REDACTED] Congressional Support Staff/DDI, to a briefing of Senators Pete V. Domenici (R., N. Mex.) and Henry Bellmon (R., Okla.) on the situation in Zaire and trends of Soviet involvement in Africa. The briefing was appreciated and, in response to their interest, I suggested we send up an unclassified nonattributable paper chronologizing recent Soviet interest in Africa. It is possible that the paper will serve as a basis for floor statements by Senators Domenici, Bellmon, James A. McClure (R., Idaho), and Harrison H. Schmitt (R., N. Mex.) to counter Soviet charges that the United States is being hypocritical on the human rights and peaceful solutions issue.

18. [REDACTED] LIAISON Called Kempton Jenkins, Department of State, to close the loop with him on the outcome of Admiral Turner's session with Senator Alan Cranston (D., Calif.) concerning compartmented clearances for Bill Jackson, on the Senator's staff. We were alerted that State was facing a similar request.

25X1

19. [REDACTED] LIAISON Bill Demarest, on the staff of the Subcommittee on Energy and Power, House Interstate and Foreign Commerce Committee, called and made the pitch that they, the Democratic staff, were insisting that if the Republicans pulled together a panel representing a more optimistic view of the energy situation, in fairness to the Administration's position, the Agency should appear also. Demarest said he was sorry that the media and others were politicizing the Agency's position. If we don't come to the hearing they may force the Committee to cancel the hearing on 12 May. In response to my query, he said they didn't think they could get a witness as credible as us as a substitute before the 12th. I reviewed with him our concern and pointed out that if we have to defend our assumptions we are at a disadvantage in an open session because we can't cite the classified data base we are using. He said that was understandable and the Chair would protect us, but when I asked he said Chairman John D. Dingell (D., Mich.), Subcommittee on Energy and Power, would not be there and they would have to make sure they had an equally strong member in the Chair to replace him. (See note to Mr. Cary.)

7. [REDACTED] LEGISLATION Bill Ashworth, Senate Foreign Relations Committee staff, called by way of follow up to our conversations with him yesterday expressing concern over the Derwinski amendment. I told Ashworth that after taking a look at the language of the amendment and talking with some of the staff people on the House side, we had concluded that we did not have any real problems with the language of the amendment but were concerned about some of the press articles commenting on the implications of this amendment. I told him it was our intention to work with him and members of the Senate who would be involved in establishing a colloquy on the Senate floor and/or language to go in the conference report on the legislation (assuming that there will be differences between the House and Senate versions of the ACDA Authorization). Ashworth said he thought there would be no problem in doing this and I told him we were preparing some language for a colloquy in a conference report.

25X1

8. [REDACTED] LIAISON Talked with Bill Miller, Staff Director, Senate Select Committee on Intelligence, concerning the Derwinski amendment, the open budget issue and the Director's upcoming meeting with Senator Harry Byrd (I., Va.). (See Memorandum for the Record.)

25X1

9. [REDACTED] LIAISON Accompanied the Director to a meeting with Senator Harry Byrd (I., Va.), who has been appointed Chairman of the Intelligence Subcommittee, Senate Armed Services Committee. (See Memorandum for the Record.)

25X1

10. [REDACTED] LIAISON Received a call from John Dixon, Office of Technology Assessment staff. He said that Senators Warren Magnuson (D., Wash.) and Ernest Hollings (D., S. Car.) had asked Senator Edward Kennedy (D., Mass.) to have the Office of Technology Assessment do a study on information and control programs in Government and Dixon was interested in talking with us about it. I told Dixon that I was not sure there was anything we could do for him and might run into classification problems of some sort but that I would have [REDACTED] drop by to see him tomorrow and hear what he had to say on the subject.

11. [REDACTED] BRIEFING Accompanied the Director and [REDACTED] OER, to an informal luncheon meeting hosted by Chairman Olin Teague (D., Texas), Chairman, House Science and Technology Committee. It was attended by Representatives John Wydler (R., N.Y.), Walter Flowers (D., Ala.), Mike McCormack, (D., Wash.) and Don Fuqua (D., Fla.), all of whom are either Chairmen of Subcommittees of the House Science and Technology Committee or members of that Committee. The Director and [REDACTED] [REDACTED] talked at some length about the world energy situation and responded to questions from the members, all of whom seemed most appreciative of the Director and [REDACTED] meeting with them on this basis. I told Chairman Teague that we welcomed the opportunity to meet with him on occasions such as this (as we have in the past) and assured all the members that we were most anxious to be responsive to them. Earlier I had told Chairman Teague that there were a number of topics of interest to his Subcommittees on which we would be contacting the Subcommittee Chairmen.
